WEDDING.

Torrance-Haun.

A quiet but exceedingly pretty wedding took place Tuesday evening at 6 o'clock at the home of Mr. and Mrs. Walter R. Haun, No. 227 Rockwell street, when their daughter, Miss Margaret Janet Heun, became the wife of Archibald Torrance of Greeneville. The cermony was impressively performed by the Rev. Charles H. Ricketts, pastor of the Greeneville Congregational by the Rev. Charles H. Bleketts, pastor of the Greeneville Congregational church, before a bank of palms, arranged by Geduidig, who was also in charge of the floral decorations throughout the house. The bride and groom were unattended. Mr. and Mrs. Torrance held a reception to the wedding guests, who included only immediate relatives, a number of whom were from out of town. A lunch was served by Davenport. The bride received many beautiful wedding gifts. During the evening Mr. and Mrs. Torrance left for New London by automobile, and will visit the various beaches near Boston. Their departure was marked by a shower of confetti. On their return Mr. and Mrs. Torrance will make their home at 448 Boswell avenue, with his mother.

Mr. Torrance is a young man well known for his progessive business shillty and is already to the fore as one of eastern Counecticul's leading contractors. His bride is a most estimable young woman and has a host of friends in this city, and they have the best wishes of their many friends.

Ponemah Company will Erect a Weave Shed Nearly 700 Feet Long Near Velvet Mill-Will Contain 6,000 Looms-Contract Awarded and Work will Start Very Soon-Plans for Two More.

The Ponemah Mills company has decided to erect another large mill in Taftville, the land where it will be located having been acquired a year or more ago. The mill addition will be a huge weave shed 670 feet in length and 200 feet wide, the contract for which has been let to the J. W. Bishop company of Providence. The cost of the building will be about \$225,000, and the work will be started very soon.

The building will be of heavy mill construction with a concrete foundation and roof, with brick walls and steel beams. It will be constructed on the sawtooth plan and will be located on the land where the Taftville ball grounds used to be, the weave shed to be built at the south end near the J. B. Martin company's velvet mill, the length being parallel with the road. It will be close to the spur track running to the Ponemah mill, and from the spur track there will be another spur to the weave shed, tracks being on two sides of the new mill. on the sawtooth plan and will be located on the land where the Taftville ball grounds used to be, the weave shed to be built at the south end near the J. son for this is that the state of Connecticut is not sufficiently wealthy to allow enough firing to do any good. It costs between \$200 and \$400 to fire one of the ten-inch guns once. With four-teen companies participating in the encampment and each firing a string of ten shots the officers of the C. N. G. are inclined to think that there would be a grave protest from the legislature if these companies started firing service charges.

The local officers have been serving as officer of the day since reaching the fort. On Thursday Second Lieutenant Burdick of the Fifth company was chosen for that duty and on Friday Lieutenant Church of the Third filled the office. Captain Armington of Danielson was officer of the day Saturday, with Lieutenant Nichols on Sunday and Lieutenant Darby of the Thirteenth on Monday.

A number of prisoners have been asken in these bears eight in the great

teenth on Monday.

A number of prisoners have been taken in, there being eight in the guard house now against four when the companies arrived, they being members of the Eighty-eighth company, stationed at the fort, charged with intoxication and desertion of their post.

On Friday and Saturday there was battery drill with evening parade and retreat at 5.30, followed by guard mount. On Saturday the sub-caliber tubes were insegted and on Monday there was practice at the stationary target at 1,700 yards. Each company had ten trial shots and ninety rounds of sub-caliber ammunition.

of sub-caliber ammunition.

The 13th company was at Battery Connell and got 32 hits. The Third company was at Battery Wooster with eight inch guns and made 52 hits. The Fift heompany, at Battery Crawford, with five inch guns, like the 13th company, made 58 hits, the best of the company, made 58 hits, the best of the companies from this section on Mon-day. At Battery Connell there are two telescopic sights, and one at Battery telescopic sights, and one at Battery Wooster, but at Battery Crawford there is only the open sight, but despite that the Fifth company led the bunch.

On Tuesday the 13th and Third companies had more sub-salber practice, and today the Fifth company will have in them each earting 150 counts.

WAS SEEN ON MUNICIPAL

Sub-caliber practice is engaging the attention of the Coast artillerymen at Fort Mansfield. This is carried on with a projectile very much smaller than the caliber of the guns and a very much smaller charge of powder than service charges. It is less expensive and gives the artillerymen a good idea of the handling and powers of the big guns. It is said that there will be no firing of service charges this encampment, aithough it may be changed. The reason for this is that the state of Connecticut is not sufficiently wealthy to

morning.

Coroner Brown, after looking into the facts, is satisfied there was no foul play, and that it was a case of accidental drowning. The young man probably wandered off the wharf, where he may have fallen asleep.

B. F. Leavitt Lost His Car by Fire at Mohegan Gate, Entailing a Loss of \$1,200.

At 8.45 o'clock Tuesday morning B. F. Leavitt, secretary and treasurer of the Uncas Specialty company, started out to test his 40 horse power American roadster, and went down the New London turnpike. When he got to Mohegan gate the auto burst into flames, and was consumed, although efforts were made to save it. Leo Kronig gave valuable assistance, but the water secured had little effect and the woodwork was entirely burned. The ter secured had little effect and the woodwork was entirely burned. The machinery was much damaged and twisted. Mr. Kronig brought Mr. Leavitt and his driver home. He had had the car about a year, and estimates his loss at \$1,200, having no insurance. It is thought the muffler got hot, causing a flash to go up through the pipe to the oil. The gasoline tank did not explode. Two wens were drained in an effort to put out the fire.

NEANTE ALFONSO MARRIAGE SEQUEL OF A ROMANCE

Details of the Story Just Made Public

Instead of farewells, there was a marriage ceremony, both civil and religious, the latter according to the Catholic and Protestant rites.

Although the decree of degradation which strips the prince of his title and Spanish honors and decorations is based upon his marriage without royal consent, it is understood that the king opposed the union because the princess declined to chang her religious faith.

1,000 MEN FIGHT FOREST FIRE At Bourne, Mass.-Loss Thus Far Over \$40,000.

Bourne, Mass., July 20.—Gelting entirely beyond control of the fire wardens, the forest fire which raged yesterday and last night in the Bourne woods swept to the shore of Great Herring pond today, burning two dwellings in Bournevale and scorching and threatening many others. The fine summer residence of Edward Hatch of Boston and a camp occupied by Hebrew children from Boston, both located on the west shore of the pond, were destroyed.

Between five hundred and a thousand persons battled with the fire tonight. The fire started yesterday afternoon near the Plymouth line and has burned over about 800 acres of woodland between Great Sandy pond and Great Herring pond in the town of Bourne, it is estimated that thus far the damage amounts to \$40,000. The burning over of a tract of woodland yesterday to exterminate a colony of caterpillar pests is thought to have started the disastrous fire.
